# FIND YOUR NANOSCIENCE / NANOTECHNOLOGY PARTNER IN CATALONIA

« Tornar

## Find your NanoScience / NanoTechnology Partner in Catalonia

Science in Catalonia is open for Business. The Catalan Foundation for Research and Innovation has received the mandate to facilitate the connection between industry and academia. As part of this endeavour, and to facilitate matchmaking, we have created a catalog of academic and industrial Nanoscience and Nanotechnology in Catalonia. Here you will find academic groups and spin-off/startups in the Nano space. Do contact us if you have questions or suggestions.

ACADEMIC » LIFE SCIENCES » ENGINEERING » in vitro and in vivo assay platforms

NAME	Dr. Lakadamyali, Melike
OVERVIEW	The Advanced Fluorescence Imaging and Biophysics group is an interdisciplinary group that works at the interface of advance light microscopy techniques and their biological applications. We are interested in developing fluorescence imaging techniques with high spatiotemporal resolution and use these techniques to study questions in virology, neuroscience and other fields.
E-MAIL	melike.lakadamyali@icfo.es
WORK PHONE	935 534 191
LAB LOCATION	N.A.
OFFICE LOCATION	Office: 356
CENTER	Institute of Photonic Sciences
