

BARCELONA DYNAMICAL SYSTEMS PRIZE 2017

The **Barcelona Dynamical Systems Prize 2017** is an international prize offered by the Societat Catalana de Matemàtiques, under the patronage of Prof. Carles Simó, to the author or authors of a paper in the area of Dynamical Systems, published between May 1, 2015 and January 31, 2017. The paper must be written in English.

The prize is open to all kind of Dynamical Systems, and the following aspects will be rated: global rather than particular descriptions of dynamics, new theoretical approaches, new computational tools and relevant applications.

In order to assess these points, any previous work of the author or authors may also be considered, if requested in the submission. The deadline for submissions is February, 28, 2017 (see <http://bsd.p.eispa.is.iec.cat> for detailed information). Candidacies can be presented by the authors themselves or by any other person or group.

The amount of the prize is 4000€, subject to local withholding tax.

For any further information please refer to the website: <http://bsd.p.eispa.is.iec.cat>.
